The **People & Paws** program through Purrfect Paws, Inc. offers assistance for feline care in times of transition. Often during transitions, caretakers are forced

to relinquish a feline companion. The loss of one's pet can feel like the loss of a loved one. Studies have shown that pet owners are less likely to be depressed, are better able to tolerate social isolation, are more active, and demonstrate significantly reduced levels of risk for cardio vascular disease. The love, of and for a pet, is a great healer. Purrfect Paws, Inc is aware of the healing power of pets and has designed a program, **People & Paws**, to assist caretakers in feline care during times of transition.
